Dear Sam,

Thank you for your very generous in-kind donation of Financial Planning and Family Estate Organization services in support of Cancer Support Community Valley/Ventura/Santa Barbara's *Casino Night*, which was held on July 18, 2015.

Cancer Support Community Valley/Ventura/Santa Barbara provides a comfortable, home-like setting for people fighting cancer to connect with and learn from each other. Through participation in Cancer Support Community VVSB's professionally led support groups, educational workshops and mind/body programs utilizing the Patient Active© concept, people affected by cancer learn coping skills that enable them to regain control, reduce isolation and restore hope, regardless of the stage of their disease.

Services provided by Cancer Support Community VVSB include weekly support groups for cancer patients and for family members in both English and Spanish; workshops led by psychologists, nutritionists, doctors and other health care professionals; cancer specific networking groups; relaxation and stress reduction workshops; orientation meetings run by cancer survivors and a "buddy" program for new cancer patients. We provided service to more than 3,200 individuals last year, all free of charge.

Thank you for your support and helping us ease the burden borne by those diagnosed with cancer and their caregivers.

Sincerely,

James E. Campbell  
President and Chief Executive Officer
